Triple Threat would like to thank you for considering our dance and cheer gym for your child's education. We are excited to be in our 12th year of excellence and commitment to changing children's lives in a positive way. We strive to get to know every child on a personal basis and understand their educational needs as an individual. We know that every child learns and responds differently, and we try to make sure we know what will work for them. Please make sure to read over the following packet before you register your child to make sure you understand all of our policies, dress code, closure dates, levels, and schedule.

Triple Threat has a 7,200 square foot building equipped with 2 dance rooms, and a cheer room. Both dance rooms have sprung dance floors to help preserve our dancers' joints and lessen the amount of injuries. Our cheer room has a full 7 panel spring cheer floor and a 30ft. Air track for students to learn new skills and gain confidence.

Fall session runs Monday August 8th 2016 – Thursday May 25th 2017

Dance Levels

Please make sure that you understand the levels before registering for classes. If you feel unsure about what level your child should be in you can contact the studio either by email dancezone@msn.com or by phone 850-683-9995.

If a student is new to dance or has only had 1 year experience in that particular discipline, they should be placed in the lower level of their age range. If they have had more than 1 year experience in the discipline they need to be placed in the higher level for their age range. So depending on what they have taken in the past they may be in different levels for different disciplines.

Preschool -Ages 2 1/2 -3years

Pre- Ages 4-5 years

Beginning -Ages 5-8 years

Int/Adv -Ages 9 & up

Tumbling Levels

The following are the different levels for tumbling. If your child has taken a tumbling class before then you will probably know what level they will be in based on skills. If your child has never done tumbling they will start in the level 1 class. We base our levels strictly on ability, not age. Students must accomplish all skills in each level to progress to the next level, although they will work many more skills that are not on our list. These are the required skills you must have in that level to move up. Depending on how quickly a child learns they could move up to the next level in 1 week or 1 year, it all depends on the child's ability.

Level 1 - forward rolls, handstands, cartwheels, round offs, and backbend kickovers

Level 2 - standing back handspring, round off back handspring

Level 3 - round off series back handspring, standing series, round off tuck

Level 4- round off back handspring tuck, standing tuck, layouts, and fulls

Policies Discipline-

*Preschool Levels- students are starting to learn and understand how to follow and listen to directions. We understand that they will have problems knowing how to stand in line and constantly pay attention. We are trying to teach them how to behave in a classroom environment, but also have fun and learn to love dance. You don't want to scare them off with too much discipline, but don't want the class distracted by a particular student. We do put students in timeout if they constantly misbehave, and they do not receive their reward for a good job at the end of class.

*Pre and Beginning levels- These levels are a little more disciplined, but we are still working on students learning to follow directions and fall in love with dance at the same time. To accomplish this we interact certain dance skills with fun, interactive games and storylines. Students will learn the fun of dance and basic steps needed to know when progressing to the next level. We will put children that have continuous discipline problems in timeout and will not receive their good job reward at the end of class.

*All upper Level classes- These are more advance level classes that require more discipline. We expect students to understand how to follow directions, show instructors respect, and pay attention in class. If students have a problem with any of this they will be asked to move to a lower level class to learn these vital skills. This is especially important in tumbling classes because students could get injured if they are not following directions.

Withdrawals

*You must give a 30 day written notice

*unless you give a 30 day written notice you will be responsible for the following month's tuition *you may email or bring your notice into our office

Dress Code

To make sure that your child has the proper dance shoes for class, we ask that you get your shoes in our dancewear store. If you don't do it now you will be required to before recital so all students have the same shoes. Our dancewear store also has the proper dance attire and tights needed for class. They will be more than happy to help you get the proper clothing for class. Please make sure to take care of this before class starts because some things may need to be ordered.
